4. New Functionality Available in ScanNGo Bar Code Creator v8.70

4.1. Configure Communication Settings

- Create a set of bar codes that contain WWAN, WLAN, LAN, and Core Messaging settings for your Intermec Computer.

For Intermec computers running Windows, WWAN is only supported with SmartSystems Client 4.0 or later.

4.2. Download software to your Intermec computer

- Create a set of bar codes to download software to your Intermec Computer.
The software must be on a web server or FTP server that your Intermec computer can access.
