

IBM WebSphere Micro Environment Installation Instructions

These instructions explain how to install the IBM® WebSphere™ Micro Environment on these Intermec computers:

- 700 Color with Pocket PC 2002 or Windows Mobile 2003
- CK30
- CK31

Follow the next procedure to copy the WebSphere files from the CD and then to your Intermec computer.

To install the WebSphere .cab files on your Intermec computer

- 1 Note the Software Key on the license certificate that shipped with the WebSphere CD.

Note: Keep the license certificate in a safe place. You need the Software Key to reinstall the WebSphere files.

- 2 Place the WebSphere CD into the CD-ROM drive of your desktop PC. The Installation Wizard main screen appears.

Note: If the Installation Wizard does not start, run SETUP.EXE in the root directory of the CD.

- 3 Follow the onscreen instructions to install the WebSphere files on your desktop PC. When prompted, enter the Software Key.

When you see the message, “InstallShield Wizard Complete,” the files have been successfully copied.

- 4 Click **Finish** to close the Installation Wizard.

- 5 On your desktop PC, browse to one of these directories as described in the next table:

To install the .cab file on this computer:	Browse to this directory:
700 Color (Pocket PC 2002)	WME 5.5
700 Color (Windows Mobile 2003)	WEME v5.7.1
CK30, CK31	WEME v5.7.2

- 6 Copy a .cab file from the directory to the Intermec computer as described in the next table:

For this computer:	Copy this .cab file:
700 Color (Pocket PC 2002)	IBM WebSphere Micro Environment.cab
700 Color (Windows Mobile 2003)	j9-ppro10-wm2003-arm_22.cab
CK30, CK31	WEME572-PPRO10-WinCE42.cab

- 7 On the Intermec computer, run the .cab file to install the runtime environment. For more information on copying and running .cab files, see the user’s manual for your Intermec computer.

Uninstalling WebSphere Files From Your Desktop PC

To uninstall the WebSphere files from your desktop PC, use the Add/Remove Programs applet in the Windows Control Panel to remove “IBM WebSphere Micro Environment for Intermec Computers v1.2.”
