

Vehicle Mounting Kit Instructions

Use these instructions to securely install the CV30 Fixed Mount Computer to a vehicle. The vehicle mount is fully adjustable and contains these items:

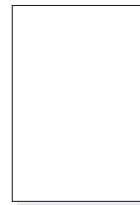

Pivot arm

Two mounting bases

Three screws

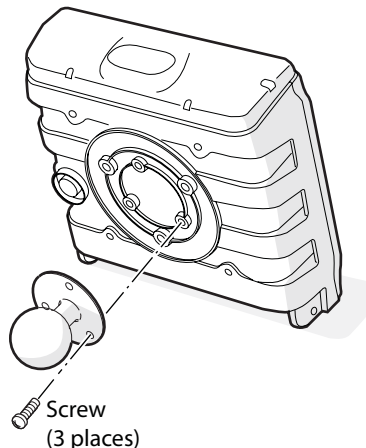

Documentation

Items not provided:

- Mounting hardware to attach the mounting plate to the vehicle.
- A DC/DC power supply. Here are the options:
 - A DC/DC power supply (P/N 203-779-001).
 - A DC/DC non-heated converter (P/N 203-780-001).
 - A DC/DC heated converter (P/N 203-780-002).

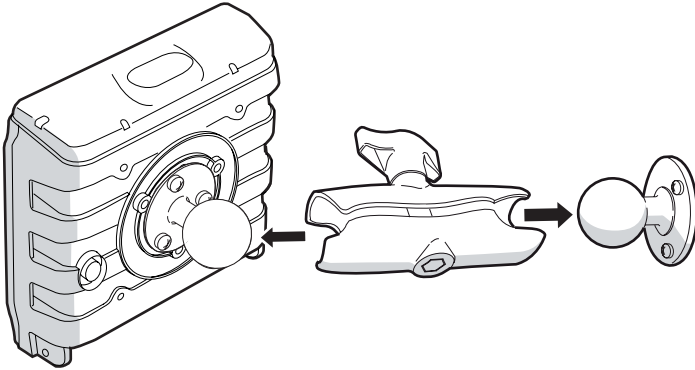

To install the vehicle mount

- 1 Attach one of the mounting bases to the CV30 using the screws provided.

Screw
(3 places)

-
- Using your own hardware, fasten the second mounting base to the surface where you want to place the CV30.
 - Attach the CV30 to the vehicle by placing the pivot arm over the two mounting bases and then tightening the knob.
