Model Number: Model IV7

The responsible party for the compliance of this device is:

Intermec Technologies Corporation 6001 36th Avenue West Everett, WA 98203 USA (425) 348-2600

This product conforms to the following approvals. The user(s) of this product are cautioned to use accessories and peripherals approved by Intermec Technologies Corporation. The use of accessories other than those recommended, or changes to this product that are not approved by Intermec Technologies Corporation, may void the compliance of this product and may result in the loss of the users authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Digital Emissions Compliance

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense.

Canadian Digital Apparatus Compliance

This Class A digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.

Cet appareil numérique de la classe A respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

This device contains a radio frequency transmitter approved by the Federal Communications Commission.

WARNING: Per the FCC radio frequency (RF) exposure requirements,

- (1) Antennas must be supplied and installed as recommended by Intermec Technologies Corporation to insure compliance to RF exposure requirements. The antennas approved for use are Intermec part numbers 805-622-002, 805-623-002, and 805-626-001. Correct antenna mounting is fully described within the Intermec IV7 Quick Start Guide.
- (2) When installing and using Intermec approved remote antennas associated the RFID tag reader, a 23-cm (9.1-inch) passing distance must be maintained from any body part of the user or nearby persons and the remote antenna. The antenna must not be touched during transmitter operation.
- (3) Cables attached to the remote antennas must have a minimum length as provided from Intermec to insure the proper losses to control RF exposure.
- (4) RF safety requirements mandate this device cannot be co-located with other transmitters.
